INFORMATION REGARDING THE ACCOMMODATION

Few types of accommodation are offered according to your budget: a combination of 4* hotels and Riads (comparable to Canadian 3*) or a combination 5* hotels and Riads (comparable to Canadian 4*)

The stars attributed to hotels in Morocco are based on the North African standards. We consider one or two stars lower than the American or European standards. The hotels are safe, clean and well located, Riads are charming and special accommodation that are not rated. They are often located inside the medina (old historic center) and a short walk through the pedestrian streets can be required to get to the Riad. Similar hotels can come back confirmed. The official list of accommodation will be remitted along with the travel documents, 3 weeks prior to departure.

Riads are Charming small hotels in Morocco.
